The Bequests and Legacies of the Student Members of the Class of 1969

Go Bears!

Class Motto:

"Things past belong to memory alone,
things future are the property of hope."

August 2019

Dear Fellow Classmates,

I found this stuffed away in the pages of my *Matoskan* and reached out to the Reunion Committee, asking if they would like it shared at this, our 50th (and final) get-together. Some had never seen or heard of this document which I named "The Bequests and Legacies of the Student Members of the Class of 1969," since there was no cover page attached. We don't know who all originally wrote and put it together (if you did, please step forward!), if all or any of us were provided copies, or anything else about its history.

What I do know is that reading through it, memories are triggered. Memories of perhaps someone you shared a class with, were best friends with, were teased about, dated, shared crazy after-school experiences with, were together in sports, music, clubs, plays, Student Council, or any of the other organizations WBLHS offered us during our three year tenure. There are some names you may not recognize – was it because you entered high school from Sunrise Park Jr High versus Central Jr High, on opposite sides of town? That fall of 1966, we all were blended together and we made new friends in the then 2-year old "round" high school.

So, find your name and your 50-year old legacy, and I hope the memories give you a warm fuzzy. Should you want your own personal copy, let me or the Reunion Committee know, and those arrangements can be made. Doug Magnuson might even be adding it to the class website.

Sharon (Elinger) Marble
Billings, Montana

Joe Ackerly Leaves for art school.
Bill Adams leaves for the White House.
Steve Albertson leaves for greener grass.
Sue Almleaf leaves the Sam(e) as ever.
